- **Couldn't have asked for anything more from the headteacher and teachers this year, they have gone above and beyond in challenging times. I am worried about my child not meeting expectations and how this will impact upon the transition to secondary school.**
- **Without a doubt best thing I done for my kids was move them to this school. Amazing!**
- **The school has fantastic leadership and Mr Watson should be commended for this. We always feel that our views and opinions are considered and feel well informed with what's happening within the school and wider community. The staff are very helpful and approachable and have a genuine care for the children and families. I would highly recommend the school and my son loves attending. Thank you all for your support, compassion and work over the last 18 months, which has l'm sure been very challenging adapting to Covid :-)** I hope you all have a much needed rest over the summer.

Thinking about your child's individual needs. What do you think we do well and is there anything you would like to see improve next year?

- The teachers are very approachable and always willing to offer additional support**
- Taking care of my child's mental health and eating problems has been second to none. Helping her to build her confidence with english and maths has been great and helping her to develop a love of sports in PE.**
- Levels of one to one support has helped - Continue with this if possible**
- We feel that our child's needs are well met. He has thoroughly enjoyed being in his class and the teacher's approach to teaching and creating enthusiasm for learning is inspirational. The TA's are also excellent at supporting the learning environment. Communication is great and any issues or queries are always responded to in a timely manner. We hope this continues next year and our son continues to be happy attending school.**
